

## Looking for Volunteers for the Phonenumber

A great service that doesn't take a lot of time but is very worthwhile. The phonenumber is the first connection many people have with Al-Anon.

There is a central voicemail that the team accesses. We all receive an email with the transcript of the call.

Everyone has a day that they are responsible for each week. If the call comes in on your day, we ask that you respond to the person within 24 hours.
